Hello Three Falls Elementary Families!

I want to discuss an increasing concern about the safe routes to school that have been created. This specifically involves additional traffic and walking/biking students on 400 West. This road does not have any sidewalks, it is very narrow, and is not considered a safe route to school. If you live on 400 West, you should be using lights on your bike/scooter, and wearing protective equipment (helmet especially) when traveling. Get to the nearest safe route road as quickly and safely as you can.

Here are the safe route options:

1. You can use 180 West, heading south to 1300 South. Then head west on 1300 South. Then head north on 700 West. Turn right onto 900 South, headed west, and into the back parking lot to drop-off or pick-up your child(ren). The whole idea is to avoid 400 West.

2. You can use 650 South headed west to 700 West. Turn left and head south to 900 South. Turn onto 900 South heading west, and into the back parking lot to drop-off or pick-up your child(ren). Again, the whole idea is to avoid 400 West.

Thank you for your immediate attention to this safety concern. We want to ensure ALL of our students and families are safe.

Principal Jennifer Eggleston
